

The Twelfth Annual Scientific Meeting of the Australasian CMC Alumni Association

9 – 11 SEPTEMBER 2016

On behalf of the Australasian CMC Alumni Association, we would like to extend a warm invitation to all Alumni in the Australasia region, Southeast Asia, India, Middle East, Europe and USA to join us for the 12th Annual CMC Alumni Meeting and Scientific Conference to be held at the Mildura Golf Club Resort, Mildura September 9 to 11, 2016.

VENUE: MILDURA GOLF CLUB RESORT, MILDURA

Mildura is home to endless natural beauty, award-winning restaurants, exciting attractions and a huge offering of festivals and events, it's no wonder the Mildura region is such a popular place to visit. Mildura's famous natural attraction is the Murray River which offers many activities, such as paddle steamer cruises, swimming, fishing and the popular activity of having a relaxed holiday on a hired house boat.

We have put together an exciting and informative scientific program on a unique theme of "**A different ending – Equality at the end of life**". The scientific program has been approved by the Royal Australasian College of Surgeons for its Continuing Professional Development (CPD) Program.

We welcome you once again to Mildura and look forward to seeing you in September.
